

A HOSTWAY COMPANY
You'll ALWAYS SAVE

INTASERVE DIRECT

Please use this form *Only If* IntaServe is the current Registrar for your domain name and you wish to change the status of your domain name so that you can manage it directly.

You can verify that IntaServe is your current registrar by performing a [Whols](#) search.

If you see that any Registrar other than IntaServe is listed, then you should not proceed with this form. Instead you need to fill in the [Transfer Form](#).

Please complete the following information to allow you to manage your domain name directly with IntaServe.

Domain Name: _____

Domain Password: _____

(If you do not have the Domain Password and the registrant email as per [Whols](#) is an updated one you can [Recover Domain Password](#).)
